President Ray introduced **Jason Parker** from Team 5 who got things rolling. **Joe Wyse** did double duty by doing the pledge and the invocation. **PP Ross Domke** introduced visiting Rotarians and guests.

Announcements: **PP Ed Rullman**, who is currently on the Program Committee announced that they are about full for the year, but if you have a good program in mind, let him know as things can change.

Judy Price once again announced the Rotary Campout at Mt. Lassen Park on October 7-9. There will be a group potluck on Friday evening, the 7th, and a catered lunch on Saturday. There will be organized activities and free time available during the weekend. Contact **Judy** for more details.

Craft Talk: **Karen Hoyt** gave her craft talk today. **Karen** worked for Nordstrom's and the Record Searchlight before becoming the Director of Marketing and Public Relations at Shasta Regional Medical Center in 2009. **Karen** has been a Rotarian since 2014 and was sponsored by **Courtney Mc Elvain**. She is a very engaged Rotarian and is currently on seven Rotary committees. **Karen** is a very active outdoors person and enjoys the many opportunities in the North State. Thank you for an interesting talk, **Karen**.

Recognitions: **Scott Putnam** has a new building and has moved his company, Apex Technology Management, to his new address of 310 Hemsted Drive. Donated \$200 to the club. Thanks, **Scott**.

Sheva Nickravesh was named a one to the top 3 dentists in the North State. **Sheva** gave \$200 to Camp Royal and \$300 to her Paul Harris and Polio Plus. **President Ray** noted that the Bill and Melinda Gates Foundation matches donations to Polio Plus 3 to 1 so **Sheva's** donation becomes \$1200. Way to go, **Sheva**.

Fun Raiser: **Dan Waldrop** went all the way and won the big money. \$200. Dan, however, donated it back to help a kid get a scholarship. Thanks, **Dan**.

Program: **Chief Strategy Officer for Dignity North State, Jordan Wright**, spoke about Biplane neuroangiography technology, which is new to Mercy Hospital in Redding.

Happy Winner, Dan Waldrop

Bi-Plane Neuroangiography system

It allows treatment of stroke patients now in Redding without them having to leave the area. Prior to this technology being available, patients had to travel to Sacramento or the Bay Area for this level of care. Unfortunately, often the three or four hours of travel time meant that the patient had gone past the time where effective treatment was possible.

With the purchase of this new equipment and the recruitment of **Dr. Ereik Helseth**, the North State now has a new life saving team.

Dr. Ereik Helseth, the new Interventional Neuro-Radiologist at Mercy spoke at length about some of the past techniques and current advancements. He showed several examples of the technique of inserting a stent into the groin area and with the aid of the Bi-Plane imaging capabilities finally arriving at a clot in the brain. It is then possible in a great number of cases to remove the clot which is blocking blood flow and restore normal function to the brain and patient. It was a very interesting talk and we are fortunate to have **Dr. Helseth** and his life saving capabilities in Redding.
