August 2017

Rotary Membership Month

President Richard's Message

Hi everyone! Hope you are all surviving the heat and having a great summer. On that note, just a reminder that our club has reserved the entire Water Works Park on the evening of August 11 from 6:30 to 10:00 pm. There will be no charge for rotary members and family. Friends are also welcome and there will be a \$15 charge for all guests over the age of two. Beer and wine will be available for purchase and there will be food as well. Should be super fun.

This year our major fundraiser will be the wild game feed with an auction. We have done this in years past. Now we are bring it back.

We also plan to have some other kind of entre that is (or was) not wild for those who do not like amazingly healthy no hormones no additive wild critters. Greg Balkovek and Janice Cunningham have reserved the Elks club for April 20, 2018. It should be fun and maybe we can start thinking now about asking non-members to consider a donation for the auction. Usually we just get donations from members who are generous every year, but it might raise more money if we could involve non-members too.

The dart game is generating a bit more interest. Remember for your five dollars we will draw two numbers and if you get a bullseye, you will receive a \$70 credit towards your lunch bill. In addition, I usually stand close enough that you might just stick me in the leg!

Make sure you email or text me if you do not want me to ask about moving your feet during your recognition. Personally I like to hear how you all are staying in shape and staying out of the doctor's office!

Finally my goal this year is to make the meetings fun and to learn something. Hope that is ok with all of you. If you are a team captain, you can help me some by filling out that team meeting form and get it to me before the meeting. More important is get the pictures associated with recognitions to the AV group. If you are not sure how to do this, Todd Davis sent out an email with instructions; I am sure he will resend it if you ask him. Here is hoping we all have a great year.

Thanks, Richard

News from District 5160

Our 2017-2018 Year started with BANG!!!

Meet our new District Governor, Gary Vilhauer & his wife Leslie. Gary is from the Rotary Club of Danville, he is a 32 year member of Rotary. He likes engaging Rotarians in making an impact together. Gary is a Foundation Guru, so next time you see him and you have a question on Community or Global Grants, he is the man to ask!

Gary graduated from Cal Poly, San Luis Obispo, where his love of community service began and his basic philosophy of leadership was ingrained.

He received "The Danville Award" for 12 years of service on the Town of Danville Planning Commission and Designs Review Board. Gary is Owner and President of Vilhauer construction Management.

Gary's favorite activities include woodworking, road biking, hiking, long road trips, reading and enjoying art.

"The Tres Amigas" Jeanne Jelke, Kathy Anderson and Amelia Ward will be going on a short road trip in August to visit the Columbia Center Rotary Club in Kennewick, Washington. They will continue on to visit our Twin Club in District 5050 in Chilliwack, B.C. Tiger & Susie will be joining them in Chilliwack. We promise to bring back pictures!

Adios.....more to come next month!

Amelia Delatorre Ward

One Shop: Create Something

Both Sides of the Story

Tyler Hendrickson is a registered architect in the state of California. He is an accredited LEED Green Associate through USGBC and Certified Revit Professional with Autodesk. Among many other things Tyler is a maker, a boat builder, and performs crime scene investigation creation. Tyler has a vision of wanting to help others create something from an original idea.

ONESHOP operates under the fundamental belief that nested deep in each one of us is a single truth... We are all makers. Since the beginning of time we have been designing and constructing from the art on the cave walls at Lascaux to empires designed by kings. As a community, it's our streets that weave us together and our buildings that protect us. ONESHOP favors no craft. The artist and the furniture designer. The seamstress and the architect. At ONESHOP we are all the same because each one of us has something to teach, something to learn and everyone has something to make.

ONESHOP will be different for me than it is for you. I am an architect. I am a boat builder. I am a designer. I have a romantic relationship with software that brings to life the images my mind creates. I am obsessed with technology. I am a developer at heart looking to inspire smart, sophisticated and responsive design in our community one project per year. In ONESHOP I teach what I know, make what I can and learn the rest. What each of us can do by ourselves will never be as great as what we can do as a community when we come together under one roof in ONESHOP.

ONESHOP offers a space in which we can collaborate. An environment where we can learn. A place where we can teach classes. A shop with the tools and equipment needed to bring design to reality. ONESHOP offers the latest in digital fabrication like 3D printing, CNC milling, laser cutting, CNC routing, and CNC plasma cutting. It provides industry leading design software. It contains an art studio and a reprographics room for design iteration and reproduction. We have a woodshop for the traditional builder and the technology for those seeking a new work-flow.

ONESHOP provides a place where we can come together as a community to inspire Redding through craft and building.

We learn, make and teach in ONESHOP. Join us now!

All equipment is available for self directed use per membership.

Any Member can teach a seminar of their choosing. 50% of all seminar proceeds will be used by ONESHOP for new equipment.

One Shop Continued

All memberships come with tool safety and tool orientation.

All Members will wear ear and eye protection and shoes that do not expose your feet.

Upon Purchasing a membership you will be given a membership policy, membership agreement, and a liability waiver. You will also be given a pin code for door access and a tour of the equipment along with a brief safety and basic tool walk-through.

President Richards Recognitions

Richard Started with Courtney McElvain showing some pictures of a fantastic trip to Scotland to visit her sister. The entire McElvain family enjoyed the trip. Courtney gave a \$100 contribution.

Next Richard showed a picture of Rick Hill moving his feet. Looks like Rick is a regular at the gym. There is absolutely no truth to the rumor that Rick will be starring in a new Rambo movie called "Rambo Visits Morgan Stanley." Rick donated \$100 to the club and \$100 to his Paul Harris Fellow.

Lee and Judy Salter took a trip to New Mexico. Sounds like Lee had a secret desire to see Roswell and possibly be the first to see an alien. Unfortunately no aliens showed up but Lee and Judy had a great trip. Both gave \$100 to the club.

Thanks to all for your generous contributions to the Rotary Club of Redding.

August Calendar

August 3rd	Shasta County Art Council - Debra Lucero
August 10th	EDC Program - Tony G.
August 17th	TBA
August 24th	Redding Trail Alliance
August 31st	Chico State University - Gayle Hutchinson

Gene Poch - Civil Engineer Extraordinaire

Interview by Marjeanne Stone

Gene has been a member of Redding Rotary since September 26, 1991. I remember Gene placing a great deal of importance and value on his Rotary participation. Outside of a family member, Gene was the first Rotarian in our community that I had met. I was impressed! But there is a lot more to his involvement and commitment to Rotary.

Gene has served our club in a broad variety of ways. He has been the local service director from 2005 – 2007. He was chairperson of the Thanksgiving Project for many years, and still is one of those faithful individuals helping keep the vehicles and volunteers moving on that special work day. Gene chaired the Community Projects committee, and the Sergeant of Arms Committee. He has given many years' to the membership committee, is dedicated to Honor the Youth, has participated in the environment activities, and a faithful partner in the Reading Rotarians. You can find him patiently guiding many of us through the attendance procedures when we arrive, always with a smile and a ready laugh.

Gene grew up in Cheyenne, Wyoming, and was the youngest of 7 sons of Paul and Ruth Poch. There was no sister in the bunch. The first 6 sons had a 12 year spread, and Gene was born 6 years after his older brother.

The Poch family remained in Cheyenne, where Gene attended Johnson Elementary and Junior High Schools, and graduated from Cheyenne High School in 1954. He went on to the South Dakota School of Mines and Technology, where he earned a B.S. in Civil Engineering. He was a 2nd Lt. in the Corps of Engineers, US Army Reserve. At that time the U.S. was gearing up to build the Interstate Highway System. In 1958 the California Division of Highways was interviewing and hiring engineers nation-wide. Since he could only work 9 months before reporting to the Army, he chose to go to California. Gene reported to the Department of Highway system in 1958, in Redding.

Gene was a civil engineer, Traffic engineer, and manager in the Division of Highways/Caltrans from 1958 until his retirement in July, 1998. Almost all of his employment was out of the Redding office, except from 1959 -1961, when he was on active duty in the Army, and 1983 -1991, when he was promoted to positions in San Francisco, Sacramento, and Eureka. Gene and his wife, Marlys returned to Redding in 1991. A lot of the infrastructure of our local highways were developed during Gene's tenure with Caltrans.

What are your hobbies? Gene has varied interests, from genealogy, to reading (he serves as a library volunteer), keeping his joints moving at the gym 3 times a week, doing yard work, and sharing his retirement with Marlys. Gene has enjoyed tennis, golf, skiing, and jogging. His knees are not what they used to be, so some of the activities he enjoys have changed a little.

Gene still has one living brother who turns 92 this year. Gene met his wife, Marlys, a nursing student at South Dakota State University. They were both seniors in college. They are the proud parents of son, Keith, and daughter, Karen, and grandparents of 3 (Keith's children).

What were some of your Rotary highlights? Chairing the Rotary Thanksgiving Project. Gene particularly enjoyed the team socials that we had at members' homes where we got to know each other and the spouse/significant others of our members. He misses these as they are not as frequent as in past years.

What advice would you give to the newer Rotarians? "We have 180-200 members. If you join a clique and sit with the same people at noon meetings, you will never get to know most of them. Get out of your comfort zone and sit at a different table each week."

I have had great fun "being a ding-a-ling" with Gene, standing outside Food Maxx, for the Salvation Army Red Kettle times at Christmas. I remember Gene fondly from a shared community involvement, and he has been a man I truly respected and looked up to. I have witnessed his sharing with others, and his quiet leadership style. When I learned that he was a Rotarian, I had even more personal respect for our club, because the members bring commitment of service to a broader community than just the Rotarian projects and committees. Gene, along with others, takes the personal commitment further, and applies the Rotarian principles in all his experiences.

So when you arrive on Thursdays, and Gene is assisting with membership attendance, take a minute and thank him for all that he has done and continues to do.

Redding Rotarians:

We are excited to have our first ever **Waterworks Rotary Family Social Friday August 11th from 6:30pm - 10:00pm**. Here are the highlights:

- We have the entire waterpark rented for just our club
- Rotary members and their family household are free
- Guests of Rotary members are \$15 each over the age of two years old
- Beer and food will be available for purchase
- You can bring in any food or beverages you would like (including alcohol)

We want this to be a fun family event for all ages. You are welcome to bring extended family, grandkids or friends as guests (\$15 each). Enjoying the waterpark on a summer evening with no lines is amazing! Please see attached flyer.

Please RSVP to Kristi Davis [530-515-5399](tel:530-515-5399) or Jessica Whitlow [530-205-5593](tel:530-205-5593) by text or email. Or you can also RSVP via our Facebook event. We look forward to this evening of fun and fellowship. Please let me know if you have any additional questions.

Yours in Rotary service,
Kristi Davis
530-515-5399
fireeyes2020@hotmail.com

The flyer features a dark blue background with a yellow archway at the bottom. Inside the archway is a photo of a young girl in a pink swimsuit riding a yellow inflatable ring down a water slide. Text is arranged in the upper left and right sections. The Rotary logo is in the top left, and the event title is in the top right. Details about pricing and contact information are in the middle left, and a note about beer and pizza is in the middle right. A cartoon pizza and beer character are also present.

The Golden Eagle Hotel

A meeting place for the Rotary Club of Redding

By Spillway Contributor Randy Smith

Here is an image of the Golden Eagle Hotel as many in our club will remember it. A Grindstone bronze will be unveiled on September 22nd at Noon to tell the whole story and be installed near the NW corner of the once grand hotel and around the visible corner of the smaller Hotel Yu-ba. Ironically, the date of the fire occurred on the deer season opener in 1962, just as it is this year.

The hotel was built - in 1888 - by John W. Potts and partner Mr. Eberle. John J. Bartosh bought the Golden Eagle Cigar Store sometime between the July 10 and July 20 of 1907. He had worked for Potts for seven years as a cigar maker.

The Grindstone Club was a Redding social club established in the 1880s whose male members were leading citizens. Meetings were held in the Golden Eagle Hotel, where discussions of abandon and questions of civil government, theology and philosophy were held. The club began in 1870 at Voluntine's hardware store on Main Street in Shasta, where the members sat out front on grindstones. Years later it moved to the hotel, where meetings were held out front beside the dirt street until 1920. Today, meetings have been re-established behind the office of Dr. Chet Sunde on Oregon Street, in the yard or in the garage/clubhouse, depending on the weather.

The final end to this first-class hotel came only a few days after the fire. On Sept. 25, 1962 the remains of the fire were demolished and removed..
