## Honor to Youth

This month's Honor to Youth was Makayla who has a long and proud history with Girls Scouts of America. She is a high school student who keep an amazing GPA while taking dance and band in school, as well as studying gymnastics in her spare time.

Makayla's many accomplishments include the community service projects she manages through Girl Scouts. Her Bronze and Silver awards. The Girl Scouts Silver Award is all about completing a project within your community to better the lives of those around you. Makayla's Silver

Award project was a program that helped foster children in Shasta County to bond with their new foster families.

She partnered with Children's First Foster Agency to create the program that gives gift baskets to each foster family including games, arts, and crafts. These give the families something fun to do together, helping them to bond. Makayla raised the funds for these baskets through her own personal donations, cookie sales, and partnering with a Mortgage Company for a donation drive.

Congratulations Makayla on your many accomplishments! You are a shining example of Rotary's Honor to Youth recipients.

## Scholarship Survey 2018

The Scholarship Committee is considering alternate methods of ensuring adequate funding for scholarships annually without having to petition the Board for additional funding every. We'd like your input on ways to accomplish this, and to know if our club in general feels that this is an important program to grow moving forward. We welcome all constructive feedback.
