Peace and Conflict Prevention/Resolution

Internet Safety: Who is Watching

Shasta County Deputy District Attorney, Sarah Murphy gave Redding Rotary a look at what goes on in the world of cell phones, the Internet and cyber crime. Sarah started off with a comment that should get everyone’s attention. She said “children don’t understand the ramifications of sending pictures and comments from a cell phone.” Her presentation asked several questions. First, was why are we concerned? Children as young as three wake up in the morning and check their cell phone. It is the last thing they do before going to bed at night. How does this behavior effect our children emotionally and psychologically?

Every cell phone that sends out a message has a Digital Footprint. Each of these devices is communicating with all the cell phones near by. This allows for the transmission of data to the servers of the manufacturers of the cell phone. Unfortunately this information is also distributed over the Internet which means it can be seen by everyone on the Internet. What the children are missing is there are a number of people with access to their information who want to do them harm. Children seem to be living only in the present. What could happen in the future is not considered at all.

Sarah discussed Sexting. The is the sending of sexually explicit information over the Internet. The can be messages, photos or video. Once the person hits send, the sent materials are out there forever. There are several Federal organizations that store this information in an attempt to fight and prosecute those engaged in child pornography. If anyone retains a photo or video of a child showing sexual acts or lascivious exhibitions of genitals, they would be guilty of child pornography.

There are several applications that parents should be aware of. The first mentioned was Yellow App. This app has been linked to a multitude of teen sexting. Others include Hooking up, Plenty of Fish, Match, Kaboom and Confide. If you suspect your child has participated in texting activity, look at their cell phone. Check the apps for any suspicious names including those mentioned.

Another major problem today is Cyber Bullying. This is bullying that takes place using electronic technology. This includes cell phones, computers, tablets social media sites, text messages, chat and websites. When we mention cyber bullying its usually children up to the age of 18. Many states have laws and criminal penalties for bullying but as of yet the use of electronic media to do

Internet Safety - Cyber Bullying Continued

this is not as well documented. Through the use of text messages your friend for life today is history by the end of the week. What we are dealing with is a relationship in the electronic world without any physical association. How well can you know someone you have never seen. Children and even adults who get caught up in "on line relationships", feel the same grief of breaking up as those who communicate face to face. This has resulted in suicide on some cases.

Notably, if someone obtains one of those sexting images and uses them against a child or teen, the results can be catastrophic. The entire school can see these images. The effects on the person being exploited can linger for a lifetime and even lead to suicide.

Before the development of cell phones and the use of the Internet, people could make a mistake and forget about it. Today, mistakes made over the Internet last for a lifetime. It is extremely important for parents to be close to their children. Know what they are doing. Be there for help and advice. Most important, if one of these bullying situations occurs, be there with understanding and help. **Sometimes the child's life depends on it.**

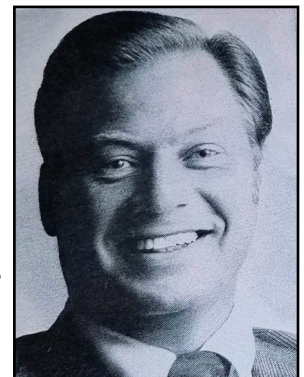

President Richard's Recognitions

First was Cindy Fisher. Looks like Cornerstone Community Bank is doing well with several new branches showing up. Such prosperity allowed for Cindy to make a \$100 contribution.

Next was Joe Ayer confessing he hadn't introduced his guest. Don't know who Joe's guest was but I know about the \$100 Joe contributed for the omission.

Jeff Avery was recently involved in a golf game that seem to involve whacking the sand more that the turf. Hope the game came out ok. Thanks for the \$100 Jeff.

Harry Grashoff showed up in Time Magazine in 1978. It seems that the Pope was on the cover of this issue. Harry has wondered for years why his picture didn't adorn the cover. The rumor is Harry brought this Time issue in to the Koffee Klatch for David Kehoe to see but somehow Harry's friends felt Rotary should know about Harry being featured in a national magazine. We love ya Harry and thanks for the \$100.

Harry Grashoff

Chuck Ryan has purchased a new home. In fact his new home use to belong to Bob Dicker. Chuck mentioned the home has a great view of the Riverview 17th hole and at night the western city lights are fantastic. What isn't widely known, Chuck has built a wine storage building that could double as a bomb shelter. Richard almost let all this evidence slip but thanks to sergeant at arms, Missy McArthur, Chuck donated \$100.

Guilty by association, the seller of the Ryan abode, Bob Dicker made a deal to offer not to comment. Thanks for the \$100 Bob.

Finally but not less important, Mark Ball has been in San Diego to visit his new grand child. Congratulations Mark and thanks for the \$100.

Diane Kempley, A Most Active Member

By Spillway Reporter Marjeanne Stone

Diane is the daughter of the former Redding Rotarian, Boyd Alvord. Diane had a connection with Rotary because of her father, and because of how important his membership was to him. He passed away five years ago. When the opportunity arose for Diane joined Redding Rotary September 1, 2005. She has been an active member ever since. She was sponsored by Maurice Johannessen and Lou Gerard. Betty Harrison Smith was instrumental in getting Diane to join.

Diane is on our Board of Directors, and is Chair of the Youth Services Committee. But you will see her at almost every function our club has to offer. She often is helping Kim with our check – in at the back table. She explains that the more we do for Rotary, the more we are connected. Everyone has a place. Being in our Rotary Club means being a part of our community.

Diane was born and raised in Redding. She attended Redding schools and graduated from Shasta College. She received her teaching credential from Chico State University, got her MA at Simpson University and got her Ph.D. at the University of Southern California. She initially spent 18 years in the classroom, and then went into administration. Grades 3 and 4 were and are her favorite. Diane spent 40 years in education. She loves learning and continues to be involved: teaching online courses at Simpson University and working with interns and student teachers.

Diane met her husband, Bob, through family. His sister was married to Diane's brother and the families shared activities and interests. Bob's mother had Bob pick up Diane for a family gathering, and they have now been married for 42 years. Bob loves to drive. He is definitely a car buff. Last year he had gone to Billings, Montana to drive a motorhome back to Redding. Unfortunately, he had a serious accident. Bob was in a Billings hospital for three weeks. He suffered a blood clot to his brain and a spinal fracture. Diane went to his side. Both are very grateful for the care and support they received. Bob is now 95% back to normal. He is back behind the wheel enjoying driving again.

Diane's hobbies include reading, jigsaw puzzles (there is always one underway at her home) and traveling. She enjoys cruises and travel. In 2019, she is scheduled to go to Singapore. Diane enjoys Atlantic and Pacific cruises. Family is also very important to Bob and Diane. She is very committed to our community. Diane also served on advisory boards, including Mercy Medical Center and the YMCA.

Diane and Bob have two children, a son and a daughter. Their son, his wife and grandson (Hayden, age 3 1/2) live in Tallahassee, Florida. Their daughter lives in Sacramento and works for Caltrans. Extended family lives close by.

In talking to Diane about her Rotary highlights, she encourages all members, new and long time, to get involved in all the events. Diane reminds us "Don't miss the weekly meetings. You will be connecting with friends. Diane has served on the Thanksgiving Committee, the Adopt a Family, Bell Ringing, Youth Services, and explains that these opportunities help us to see the many needs in our community.

You are only as good as the involvement you committee to. Make an effort. Do not sit at the same table every meeting, reach out. Diane appreciates being a Rotarian. Following her father's example, Diane believes that it is truly an honor to be part of the Rotary Club of Redding. She has found many friends in Rotary.

May 12, 2018
5:30 -9 p.m.

Venue

McConnell Foundation
800 Shasta View Drive
Redding, CA 96003
