Happy New Year Redding Rotarians

DACdb - Rotary Online First Virtual User Conference

By Mark Landmann, CEO DACdb

2018 was another significant year for DACdb, as we reach our 16th anniversary. Over this past year, we introduced many new features and a new DACdb website for everyone to use.

- New ICON based User Interface
- New Calendar
- New CRM manager to manage proposed and prospect members
- A new resource manager for events
- Grant module updates
- Finance module updates (reconcile, vendors)
- Event registration notifications
- Engagement module enhancements
- New event questions (comp, tickets, promo code), import questions
- Mobile site enhancements (find classification, occupation)
- My Event module for events

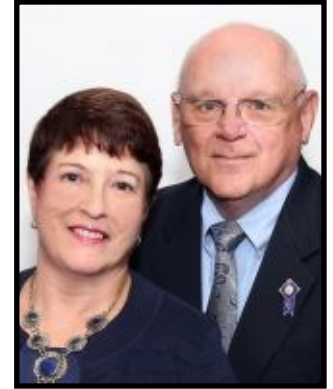

We look forward to everyone joining our virtual user conference in January. This year we are going to try an online conference. The dates are January 10th and 11th. We are going to conduct the conference as if it was a real conference, with various sessions scheduled throughout the two days. Join us if you can. Each session will be recorded, and after the conference is over, we will post a link to a website where you can view each of the sessions. So if you have to work – or cannot make a session, not to worry, you can come back when you have time and listen to the session.

Finally, on behalf of the whole DACdb Team, I would like to take this opportunity to wish you happiness, success and above all good health for 2019.

Paradise Camp Fire Update from District Governor Jon Dwyer

Donations of clothing, etc.: Unless there is a request from some organization with specific items requested, we've been told that people should NOT be making donations of used clothing, etc. The process of sorting, storing, cataloging, etc. (and distributing) is simply beyond the capabilities of the individuals involved and the ability of the facilities available.

Donations of \$\$, gift cards, etc. continues to be the preferred method of contributing. Donations sent to **"Paradise Rotary Foundation", c/o Scheer Memorial Chapel, 2410 Foothill Blvd, Oroville, Ca 95966.**

Some folks have asked for the Tax ID # of their Foundation. Drop me a quick note and I'll send it to you..

To refer to the devastation in Paradise and surrounding areas as a 'disaster' unfortunately we're beginning to understand is a major understatement. The outpouring of support has been amazing, but I'm afraid is but a drop in the bucket of what will be needed over the next weeks and months and probably years.

Our theme this year of "Be the Inspiration" is being lived over and over and I am incredibly proud of all that is being done.

Regards, Jon

Jon Dwyer

Stocking planned for Mt. Shasta Rotary trophy trout program

Your editor thought this program from the Mt. Shasta Rotary Club would be of interest. It is good to know what the clubs in our area are doing. The article is from the District website and reads as follows.

The pay-off for the Mt. Shasta Rotary trout pens is a new trophy trout program at Lake Siskiyou, with a rearing facility for trophy sized rainbow trout.

Department of Fish and Wildlife delivered rainbow trout ready to be stocked Friday, December 7th.

Rotary Project Manager Tom Stienstra described the new facility as the best of its kind in the nation.

Rotary planned, financed, and constructed a dock structure with three pens at Lake Siskiyou for a pen-rearing program for trophy-sized rainbow trout. The Department of Fish and Wildlife projects the trout could range from 3 to 5 pounds when ready next spring.

Volunteers built the pens at Lake Siskiyou and then installed them in a cove neighboring the marina facility.

A press release described the process as follows: Each fall, when the water temperatures cool, the DFW will stock the pens with rainbow trout. Over the winter, solar-charged, battery-powered feeders will automatically feed the fish, which can grow an inch per month. In the spring, most likely early May, the large fish are released and quickly become naturalized to their habitat. They then take on the characteristics of wild fish. The trout are "triploids," that is, they cannot breed, and in turn, grow faster and fight harder.

Mt. Shasta Rotary's hope is "to commemorate the release with a youth fishing tournament, and the goal is to inspire increased outdoor participation with parents and their children.

Mt. Shasta Rotary has formed partnerships with the DFW and the Siskiyou County Board of Supervisors and received support from Kokanee Power, Sousa Ready Mix, Campbell Global, Lake Siskiyou Marina and private foundations.

Mt. Shasta Rotary sees the final results as:

The finest trout pen facility of any lake in America.

New opportunities for youth, families.

A template for how to provide big fish for any cold-water lake in the nation.

A program that is sustainable into the future.
