Youth

This Week's Program
The Current State of COVID-19
by Infections Disease Specialist,
Dr Matthew Miles

Dr. Miles gave an excellent presentation on the state of Covid-19 in Shasta County, with an overview of the family of Coronaviruses since the 1962's when they were known to infect humans, called: SARS-CoV, MERS-CoV and SARS-CoV-2. Clinical presentation of symptoms and the course of the disease once contracted. Graphics and images to better understand and fully grasp the course of the virus over time. Dr. Miles described 'Long Covid' which is of longer duration and the symptoms that some patients experience.

Dr. Miles described the epidemic curve driven by the Delta variant for the United States and far northern California in particular. He shared the case rate per 100K per state/territory. The doctor shared a map of hotspots which shows our county in the hot zone and getting hotter. He showed the vaccination rate for Shasta County which is 39% for the total population. Dr. Miles described the vaccines currently available in the USA which are Pfizer, Moderna and Johnson and Johnson. He noted that only Pfizer is FDA approved for those 16 and older.

Dr. Miles ended his talk by urging people to get vaccinated and by taking questions.

Thank you Dr. Miles!

Meeting Date	Team Responsible	Program Title	Presenter
23-Sep 5	COR Fire Department	Jerrold Vanlandingham	
30-Sep 6	Black Bear Diner-Growing a Business	Bruce Dean	
7-Oct 1	TBA
