Vocational Service Award

The Vocational Service Award is presented annually to an individual or business in the community who has exemplified outstanding professional achievement while maintaining very high ethical standards. Sometimes the awardee is a Rotarian, but often it is not.

Michelle Nystrom and **Jarod Vanlandingham** presented this year's award to the Gerlinger family, owners of Gerlinger Steel & Supply Co. At our meeting to accept the award (shown left to right in the photo) was **Violette, Fred, and Scott**.

Recognitions

PP Greg Balkovek has had a busy recent few months with a visit from his granddaughter, a trip to Saskatchewan, a trip to Yellowstone, among other activities. \$100 to his Paul Harris & \$100 to the club.

Program - Regional Cancer Center

Maggie Redmon introduced our two speakers for today, **Todd Smith**, President of Mercy Medical Center Redding, and retired physician **Dr. Dave Civalier**. **Todd and Dave** gave us an update on the progress of the new cancer treatment center coming to the property purchased by Dignity at the corner of Cypress and Hartnell.

With expanded capacity, this new center will bring together in one location the services currently being offered in four separate locations in Redding. At a cost of around \$70 million, the 40,000 square foot facility will improve a number of things for patients receiving cancer treatment care:

- All treatment rooms will have windows with a view
- Improved efficiencies for treatment procedures
- Ability to bring to Redding specialist currently located in Sacramento
- State of the art equipment
- Improved ability to recruit new surgeons and oncologists
- More opportunities for cancer trials
- Reduce the need for patients to travel to Sacramento and the Bay Area for treatment

Mercy Medical Center President **Todd Smith** with a preliminary architect's rendering of the new Center.

Some interesting statistics were shared by **Dr. Dave Civalier** about the higher than average rates of cancer in the North State. This information served to highlight the need for such a center to be located in Redding.

Ground breaking is expected to take place in about a year and a half, with a build-out time of about one year.
