History Minute

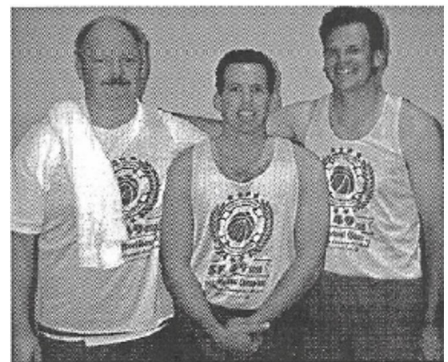

“ Another titanic tilt as 49ers feel heat from tough Redding Rotary cage squad”
-Headline from Spillway June 1995

A shirt never to be washed! Forty-Niner football player Ted Popson made this boy's day when he applied his signature to his t-shirt.

Ryan Burks, 5, meets a 49er, Ted Popson, up close.

Rotary's basketball players almost defeated the 49er court team. Seen here are 'Back Board' Burks, 'Quick Hands' Westlake and 'Long Shot' Malotky. Proceeds benefit Redding Rotary and local athletic programs.

Rotarian of the Quarter

President Jenn recognized **Lindsay Myers** for her hard work chairing our Haunted House fundraiser with the honor of Rotarian of the Quarter. Congrats **Lindsay!**

Gary Parkinson was recognized for his attendance at a local fundraising crab feed, partly for his plastic napkin stylings, and partly for being part of a football game streaming group. \$100 to his Paul Harris and \$100 to the Club.

Craft Talk - Andree Blanchier

Andree Blanchier gave an excellent Craft Talk today. A homegrown Redding gal, Andree has had a very interesting life and career which has taken her to William and Mary, to New York (working for Price Waterhouse Coopers), to France where she became an expert in wine. She is now overseeing the Shasta College Foundation, bringing assistance to the students at the College.

Today's Program - WOW! That's Engineering

PP Pat Corey introduced our speaker for today, his very own daughter, **Ashley Kellogg**.

Ashley is a Shasta County native and has lived in the North State her entire life, with the exception of 5 years at Cal Poly in San Luis Obispo.

Ashley is a professional Civil Engineer and currently works at Jacobs Engineering. She has served on the board at Girls Inc., and is very involved with the Society of Women Engineers (SWE).

It is her work with this latter organization that made up most of her presentation today. The local SWE group has facilitated an annual engineering experience for girls named Wow! That's Engineering. This event provides girls with hands on experience and inspiration to pursue careers in engineering.

Way to be a role model, **Ashley!**
