Recognitions

Father/Son accomplices **Dar & Azi Barzin** were recognized for some felonious activities surrounding **President Wendy's** bell. It seems that "**Big Daddy Azi**" was fingered for being the sticky-fingers behind the **Great Bell Heist of 2025**, but in fact, "**Dar The Kid**" was the real mastermind. **Dar** gave a \$100 fine to the Club and mentioned that **Azi** was in a minor car accident a couple of days ago.

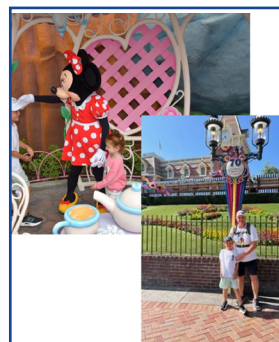

Michelle Nystrom
Always good for some Shenanigans

Michelle Nystrom was recognized for some interesting stand up paddle board deflation techniques and for being pictured in a SWAT vehicle wearing heels.

Evidently, "I did not consent to this recognition" doesn't matter, \$100 to her Paul Harris.

PP Jeff Avery was recognized for a hike around Lake Siskiyou, a family trip to Disneyland, and a granddad/grandson trip to Dodger Stadium. Was that a program he gave on baseball?:)

\$300 to the Club.

Andy McCurdy
Should we be worried?

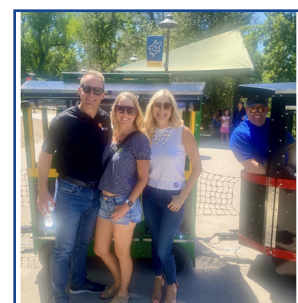

Andy McCurdy was recognized for his daughter's perfect score on her diving test in Red Bluff (this DMV location is highly recommended!).

\$100 to the Club.

Matt Mosley and **Lindsay Meyers** were recognized for Turtle Bay's new train ride, The Turtle Express. Right now it is going Wednesday through Sunday, 10 am. to 3 pm.

\$100 each to the Club.

Today's Program - Shasta Community Health Center

Mike Mangas introduced our speaker today, **Brandon Thornock**, CEO of Shasta Community Health Center. Here's a summary of Brandon's presentation:

Shasta Community Health Center (SCHC) is a nonprofit, federally qualified health center (FQHC) dedicated to providing healthcare access to underserved populations. Originating from a national FQHC initiative in the late 1960s–1970s, SCHC serves patients regardless of income, race, or location, contributing to a system that reaches 32.5 million Americans while saving \$30 billion annually. SCHC cares for approximately 40,000 unique patients each year—projected to grow to 60,000—covering about one-third of Shasta County's population. It houses the largest pediatrics department north of Sacramento and provides specialized care for California Children's Services patients, many on Medi-Cal or uninsured. The organization's mission centers on Compassion, Adaptability, Respect, Education, and Service.

Its facilities include a main campus at Continental and Placer, a Women's Babies and Children's Center for high-risk maternity and pediatric care, and an optometry department. SCHC evolved from a county clinic into a nonprofit under CEO Dean Germano's 32-year leadership. The center addresses Medicaid reimbursement shortfalls by partnering with Dan's Optical to offer Medicaid patients quality eyeglass options, reflecting its commitment to dignity in care.

SCHC operates multiple sites, including in Shasta Lake, Anderson (with dental services), and the Enterprise Center (offering dental, mental health, and medical care). It also runs a clinic in a women's shelter, supported by grants, and has aided homeless individuals, those in addiction recovery, and job seekers. Through "braiding" of approximately 70 grants from diverse sources, SCHC sustains and expands its services, relying on partnerships to address complex patient needs.

Advocacy is a core function, with involvement in the One Big Beautiful Bill Act and leadership roles in state and national healthcare associations. SCHC works to prevent policy changes that would limit care for vulnerable groups. Shasta County ranks last in California for several health indicators, influenced by adverse social determinants such as poverty, low education, and childhood trauma.

With an aging population, SCHC offers chronic care management for Medicare patients, improving health compliance and outcomes. Transportation and care coordination support elderly patients' needs. Vaccination efforts face resistance from some patients and staff, prompting respectful, personalized engagement and alternative schedules when necessary.

The organization is recognized for innovation, including being among the first locally to offer on-site childcare for employees. SCHC's community partnerships and staff support systems have strengthened its role as a crucial healthcare provider in one of California's most underserved regions.
